CHROMATIC CITY: AN ATLAS OF SCALES

Plate 01: The Horizon

A juxtaposition of the existing urban fabric and the pneumatic imaginary.

NotebookLM

MACRO OVERVIEW

Plate 02: Aggregation

A dense collection of soft structures. Note the pink atmospheric drift contrasting with the rigid city grid.

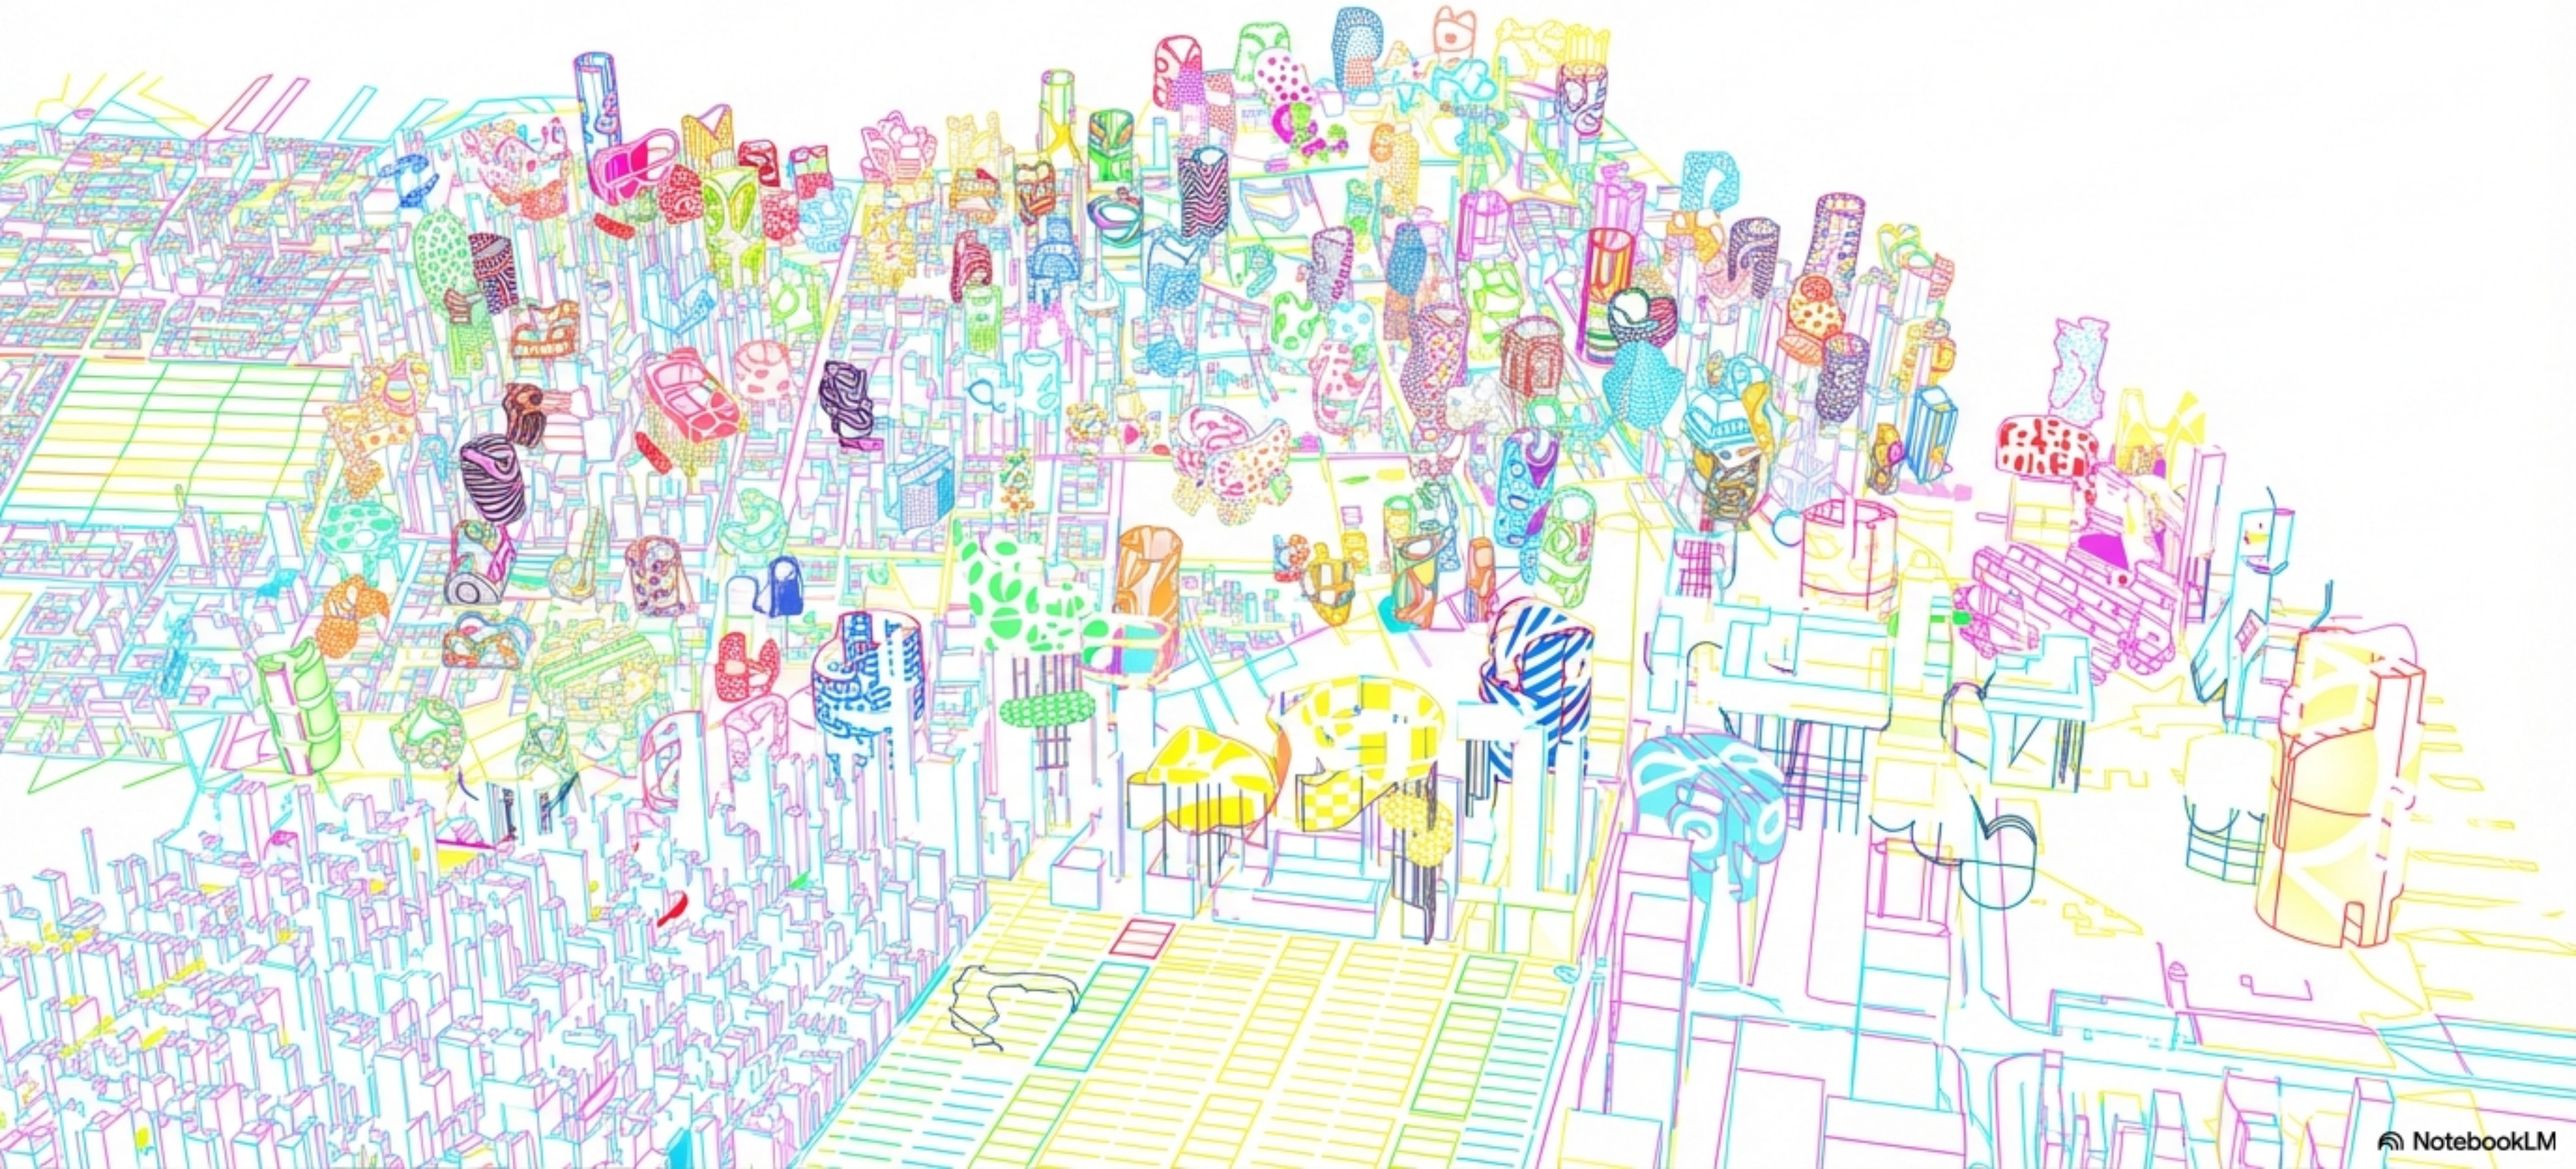
THE ARCHITECTURAL SCAFFOLD

`Plate 03: The Grid`

Defining the volume through bright-line geometry.
Wireframe analysis of the district layout.



NotebookLM

ATMOSPHERIC LAYERS

Plate 04: Floating Infrastructure

Suspended volumes featuring green topographical lines and red pneumatic systems.

NotebookLM

DISTRICT DENSITY

Plate 05: Organic Forms

Soft, patterned geometries interrupting the linear urban canyon.

NotebookLM

VERTICALITY

Plate 06: The Pneumatic Districts

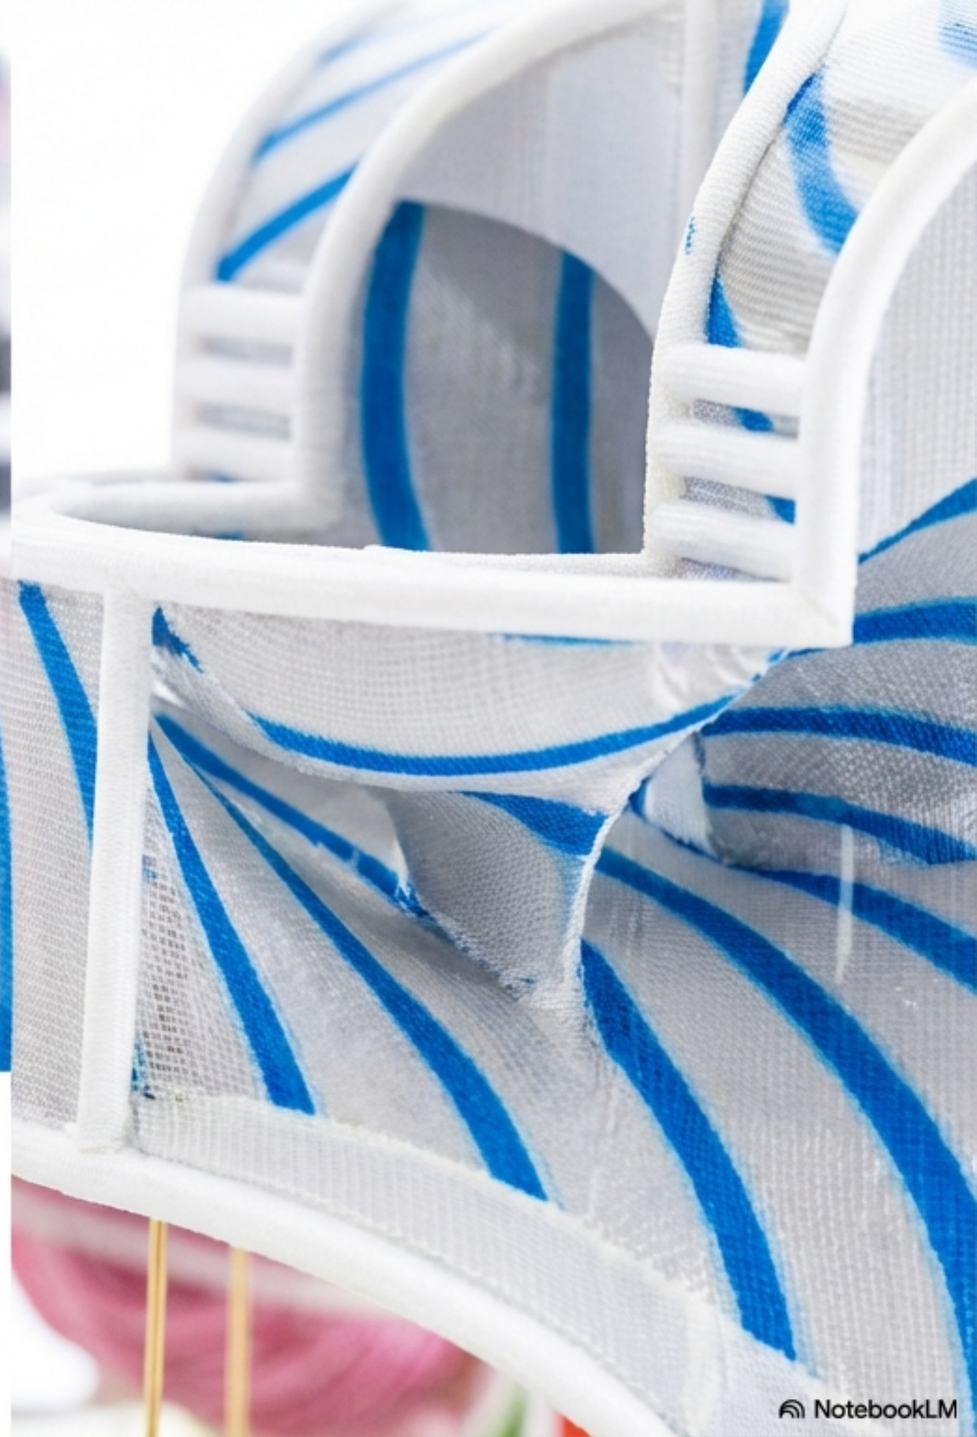
Tension structures. Gold tethering mechanisms anchoring the floating districts to the ground plane.

NotebookLM

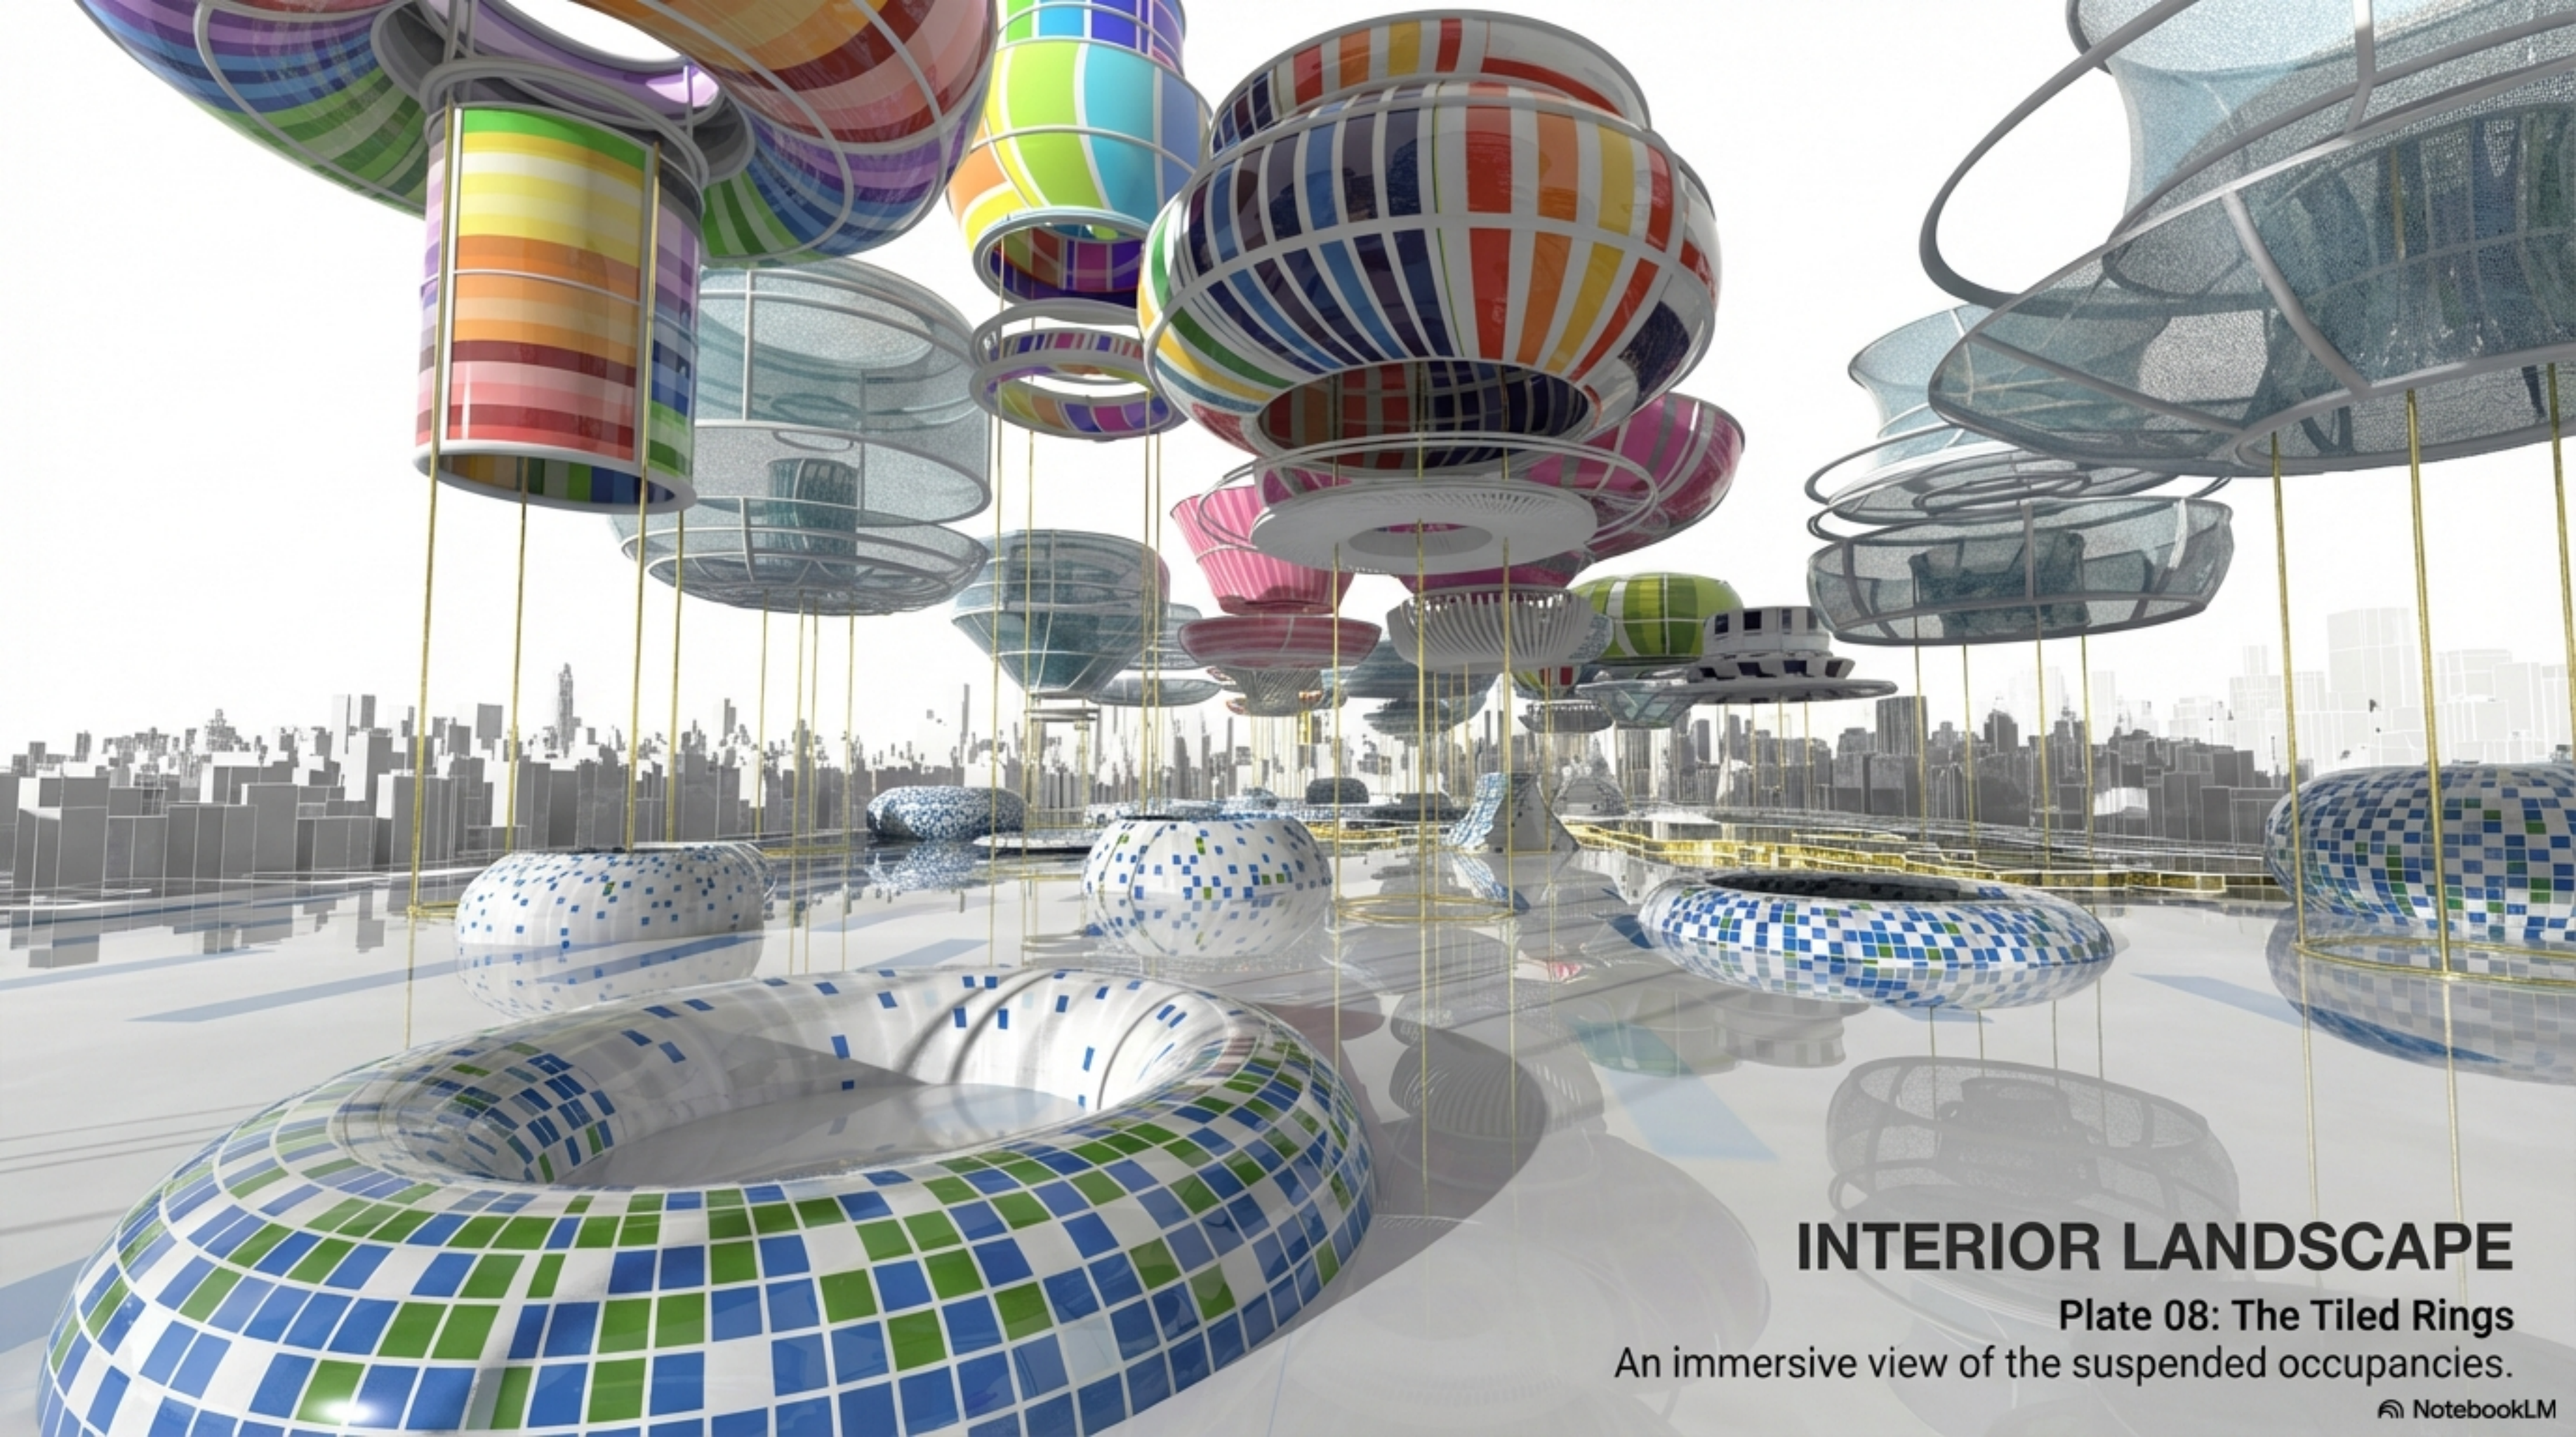
MICRO TEXTURES

Plate 07: Intricate Patterning

High-fidelity surface analysis. Paisley, stripes, and biological motifs applied to architectural skins.



NotebookLM



INTERIOR LANDSCAPE

Plate 08: The Tiled Rings

An immersive view of the suspended occupancies.

NotebookLM

MATERIALITY

Plate 09: Light & Reflection

Polished surfaces mirroring the pixelated tile gradients.
